fueling innovation

Bilcare Research Academy is focused on creating the right mindset for innovation in students, by challenging them constantly.

empowering global careers

Bilcare Research Academy ensures that students have a global outlook and the knowledge to stay on top through constant exposure to industry experts from across the world.

World of Opportunity in Clinical Research

- India has become a preferred destination for Global Clinical Trials and Research with successful completion of over 1000 trials already.
- The industry is growing exponentially and is expected to grow to Rs 7000 crores by 2010.
- There is an immense scope for trained clinical research professionals.
- The opportunities are not restricted to India alone.
- There is an estimated global need for 2,50,000 Clinical Research Professionals.
- Clinical Trials Market growth rate in India - 65% in 2006! (Visiongain 2006)

Clinical Research Market in India

Estimates	2010
Clinical Research Market	US \$ 1.5b
GCP Clinical Trials	1,500-2,000
GCP Trained Investigators	10,000-15,000
Trial Subjects	2,00,000-3,00,000
Clinical Research Professionals	30,000-50,000

Post Graduate Diploma in Clinical Research*

PGDCR is a 10 months, full time programme, introduced by the Bilcare Research Academy, accredited by the Association of Clinical Research Professionals (ACRP), USA. The programme has been designed with a vision to create global leaders in the field of Clinical Research

Advantage of Bilcare ACRP affiliation

- Students will receive a Bilcare/ACRP diploma, which has World-wide recognition.
- Students get a one year membership of ACRP gratis.
- Students will have access to ACRP's vast knowledge base and expertise of ACRP members.
- Students will benefit by video conferences/webinars and direct beaming of ACRP hosted events.
- Students have the advantage of international placements as ACRP has global recognition.
- High teacher to student ratio of 1:10 ensured by small batch size of 50 students only.

*The Post Graduate Diploma in Clinical Research offered by Bilcare Research Academy and ACRP, USA, is an autonomous programme and is not recognised by AICTE/UGC or any other state act.

Introduction

Bilcare Research Academy, Pune was inaugurated by Mr. Thomas Adams, President and CEO of Association of Clinical Research Professionals (ACRP), USA, at a glittering function held on 23rd June 2007. Simultaneously Dr. M. Venkateswara, Drug Controller General (India) inaugurated the Indian Chapter of ACRP. Leaders from the Pharmaceutical and Clinical Research Industry graced the occasion.

The Bengaluru centre of Bilcare Research Academy was inaugurated in December 2007 by Dr. John LaMatina, President Pfizer, Global R&D and Smt. Usha Ganesh, Additional Chief Secretary, Ministry of Health and Family Welfare, Government of Karnataka. The first batch of students was admitted to Bengaluru centre in December 2007.

Singapore Chapter of ACRP was inaugurated by Mr. Yeoh Keat Chuan, Executive Director - EDB, Singapore & Mr. Thomas Adams

About 97% of students from both Pune and Bengaluru centre were placed in leading pharmaceutical, biotech and clinical research organisations even prior to completion of the course.

The admissions are open in Pune & Bengaluru for new batches.

Inauguration of Singapore Chapter by Mr. Yeoh Keat Chuan, Executive Director - EDB, Singapore & Mr. Thomas Adams

Class in Progress at our world class facility

Inauguration of Bengaluru Centre by Dr. LaMatina, Dr. Usha Ganesh & Mr. Mohan Bhandari
